

A Message from the HCC Board

As an eligible retiree or survivor, we are inviting you to join our local Hill Country Chapter (HCC) of the Chevron Retirees Association (CRA). You can enjoy the following for a small \$10.00 membership fee:

Benefits

- Attending luncheons and other events where you can maintain contact with fellow retirees and make new acquaintances.
- Keeping up to date on matters of interest through; our local Chapter newsletters, copies of Encore (CRA's quarterly publication), Email distributions and our HCC website.
- Having an opportunity to provide input on issues of concern to retirees to the CRA and to be involved in the process of presenting these matters to the Company.
- Using the CRA Benefits Committee to help keep informed about benefit plan changes and to intercede on issues needing attention.
- Supporting the Company in its relations with the public, government and regulatory agencies.

The 2010 HCC board held meetings to plan several 2010 activities for the Hill Country Chapter.

Our Plans

- * To promote and increase membership through effective communication to all retirees in the chapter area.
- * To publish a membership directory.
- * To host four luncheons during 2010 with informative speakers and /or programs.
- * To add an activity other than a luncheon that may be of most interest to members.
- * To promote the use of email and the internet in order to increase communication between members, family and friends.
- * To investigate programs that may be implemented to help communities in which we live.

New Committees

We have formed several committees to address the strategies above. We encourage you to become a member and if interested contribute to any of the committees (back of page). We welcome your input.

Our Website

We also encourage you to use our website <http://chevronhccretirees.org> You will find links to most all websites that may be of interest to HCC retirees. These include; Chevron Corporation, discounts for retirees, Medco prescriptions, United Concordia Dental, gift matching programs, Chevron Benefits and Human Resources, United Healthcare Insurance, Chevron company store and several others. You can also access photos from our functions of the past year, membership application forms, newsletters and current CRA advisories. It is simply a one-stop information bucket for our members.

Email

When you join, there are many benefits to providing your email address for inclusion in our annual directory. The chapter occasionally sends out email advisories regarding Chevron, CRA and others that can quickly be made available to our members. This saves reproduction, mail expense and labor associated with mailings. Members with email will be sent the latest chapter directory. Other members will be able to pick up a copy at any of our luncheons during the year.

The 2010 board is working hard on behalf of the membership. We invite you to join the chapter and participate in our second 2010 event, our Kerrville luncheon as per attached newsletter.

We look forward to your membership, participation in the chapter activities, volunteering for various committees and your ideas. Best of all, the membership dues remain at \$10

Wishing all a happy and healthy 2010!
